

FRATERNITY RECRUITMENT PROCESS

PHI DELTA THETA
Become the greatest version of yourself

KANSAS STATE
UNIVERSITY

STEP 1

MAKE CONTACT

Our recruitment process usually begins by receiving referrals from Phi Delta Theta brothers, campus leaders and alumni who personally can recommend young men with integrity. We also use resources provided by the Office of Fraternity and Sorority Life like Chapter Builder, greek experience events, and open houses to help find potential new members.

There are no restrictions from the Office of Fraternity and Sorority Life regarding time constraints for the extension of bids or for the recruitment process to take place. Because of this, we actively recruit year round for both our fall and spring pledge classes. If you are interested in membership, feel free to contact us at any point during the year.

STEP 3

RECEIVE AND ACCEPT

After you have gotten the chance to meet our members, our recruitment team decides if your values and aspirations align with those of Phi Delta Theta. If the answer is yes, you will receive a formal invitation for membership, or a "Bid." At this point, you have the option to talk it over with friends and family and decide if membership in Phi Delta Theta is right for you!

STEP 2

GET TO KNOW

Once contact is made, our recruitment team will arrange times to take you out to dinner, have you come by the house, or invite you to a rush event. The purpose of these interactions is to get to know you and give you the opportunity to meet our members and learn more about Phi Delta Theta.

STEP 4

MOVE IN!

If the decision to become the greatest version of yourself is made and you accept your invitation for membership in Phi Delta Theta, our recruitment team will assist you with all the details of move in and help you transition to college and fraternity life.
