FRIENDSHIP

WHAT IS PHI DELTA THETA?

College — its where the man you are meets the man you will be. Helping every individual to meet his true potential is the bedrock of Phi Delta Theta. By celebrating everyones true self and learning from each others strengths, while improving on each others weaknesses, every member of Phi Delta Theta grows into a better version of himself than he would ever on his own.

Our purpose is guided by three cardinal principles — the cultivation of friendship among its members, the acquirement of a high degree of mental culture, and the attainment of a high standard of morals. These principles are the driving force of our fraternity, providing leaders of today as well as after graduation.

OUR HISTORY

Founded in December of 1848, Phi Delta Theta is one of the oldest and most historic fraternities in the country. Our Six founding fathers envisioned Phi Delta Theta to become an exclusive brotherhood between its members, and to develop college men into leaders of the future.

The Kansas Gamma chapter of Phi Delta Theta at Kansas State University was chartered on February 25, 1921. This provides Phi Delta Theta with a rich history at K-State as well as thousands of alumni.

They last a lifetime.

SCHOLARSHIP

Academics are the reason you are in college in the first place; because of this, we make academics our top priority. Required Phikeia study hours, GPA checks, and quiet study areas are just some of the ways we help our members reach their full academic potential.
